

Excellent coaching

PROJECT TITLE:

EXCELLENT COACHING

SUPERVISED BY:

SIR, MOHMMAD UZAIR

SUBMITTED BY:

NAME:	BATCH:	ENROLLMENT NO:
1. GAZEEN AMIR	2303E	Student1462474
2. GOUTHAM KUMAR	2303E	Student1453872
3. ABDULLAH SURYA	2303E	Student1453893
4. FAIZAN GUL	2303E	Student1457196

ACKNOWLEDGEMENT

We acknowledge the support of our most respected teacher, Muhammad Uzair, faculty at APTECH GARDEN, who have supported and supervised us in all aspect of the project.

The corporation of the APTECH Academy is praiseworthy and appreciable.

We also thanks to our friends and team member who's been with us at every aspect of the project, whether it's supporting, solving problems, helping each other and others they were always ready to help you.

SYNOPSIS

By the passage of time the world moves from paper to digital, before you get a book in a student's hand, but now you find a mobile with a PDF documentation.

So now EXCELLENT COACHING also decide to bring their courses and subjects online. So in our website you will get all the courses faculty member, admission form and so on.

When you open our website you will get a home page where you can navigate through different pages such as about, courses, and faculty and also you can apply for online admission.

After scrolling down you see an overview of our coaching, after that our courses section comes where you can get different courses different subject, and you can also navigate to that section of courses where you get the course detail and overview of that subject.

Developer team section are those who developed the idea and brings it into an online coaching. You can also get into their profile.

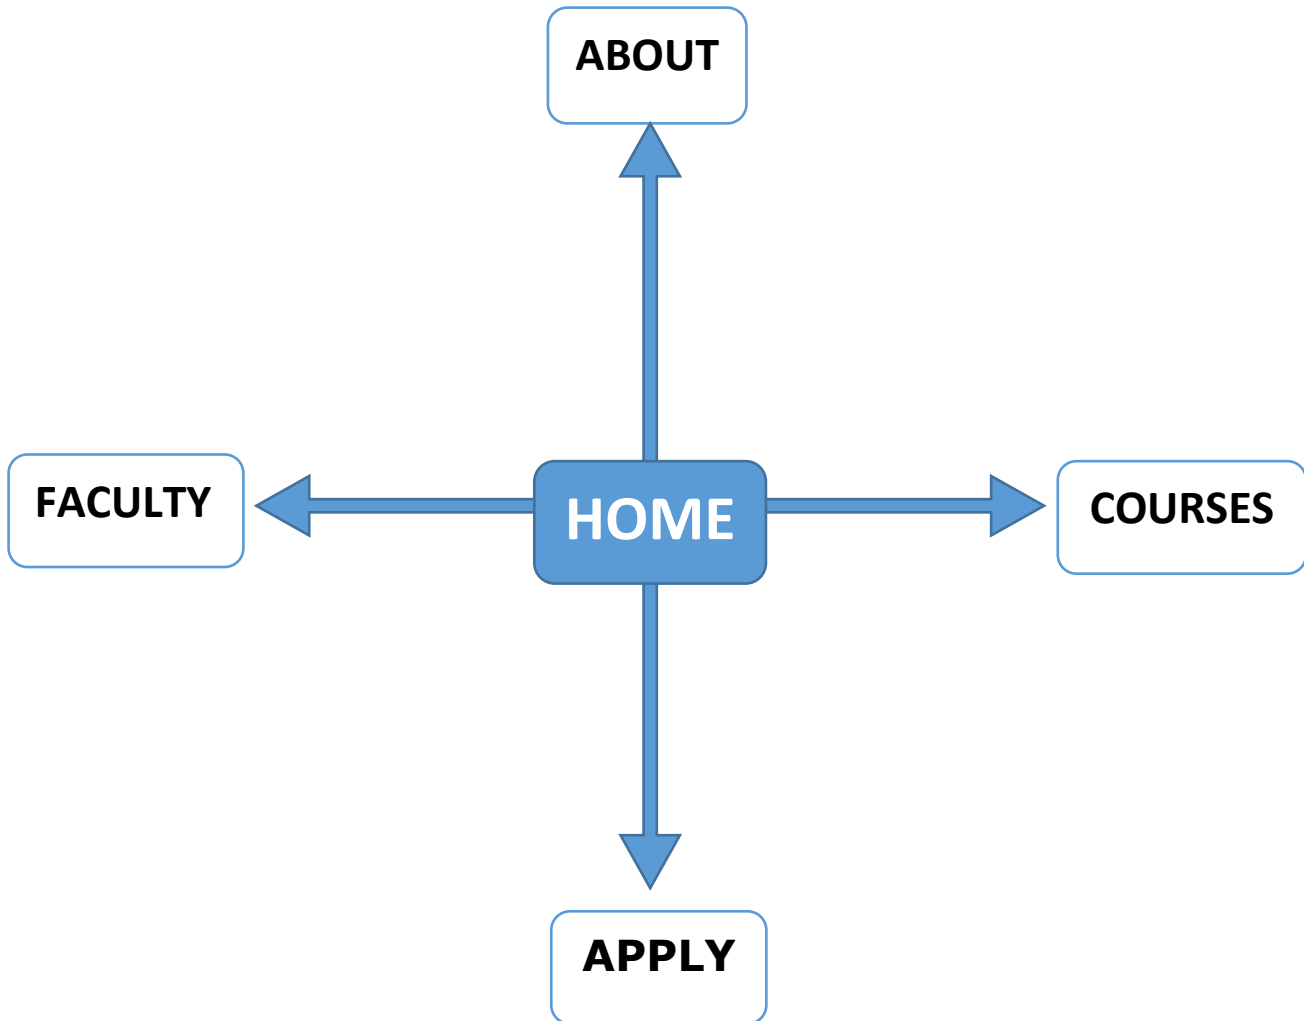

In contact section you can give your feedback and navigate our coaching physically through the given map.

At last you can also contact or get in touch with our social media platforms.

Problem Statements

1. The Home Page should have suitable logo, and decent color combination
2. Information should be neatly placed at suitable location.
3. Various pages having information about different courses/subjects taught at the classes, Faculty/Teachers complete information and previous year's success stories should be listed.
4. The site should display a menu which will contain the options for brief introduction about the above mentioned information, location/address of the coaching classes and any other information if required.
5. The information should be categorized according to different subjects like if a User wants to see details of 'Commerce' then he click on a Link/button/menu etc. and he will see details of course structure of commerce. Similarly for 'Mathematic', 'Languages' and other subjects.
6. When a user selects any course stream, complete list of subjects for that course stream will be displayed.
7. Details of the courses should be displayed on the Web Page along with the title and it should be stored in Individual Word documents which can be downloaded or viewed by the User who wishes to see the same.
8. Price List for all courses should be available for download.
9. There should be a "Contact Us" page which will have the Address of the Coaching Classes and the mail address which when clicked will invoke the local mail client from where they can send an email.

SITEMAP

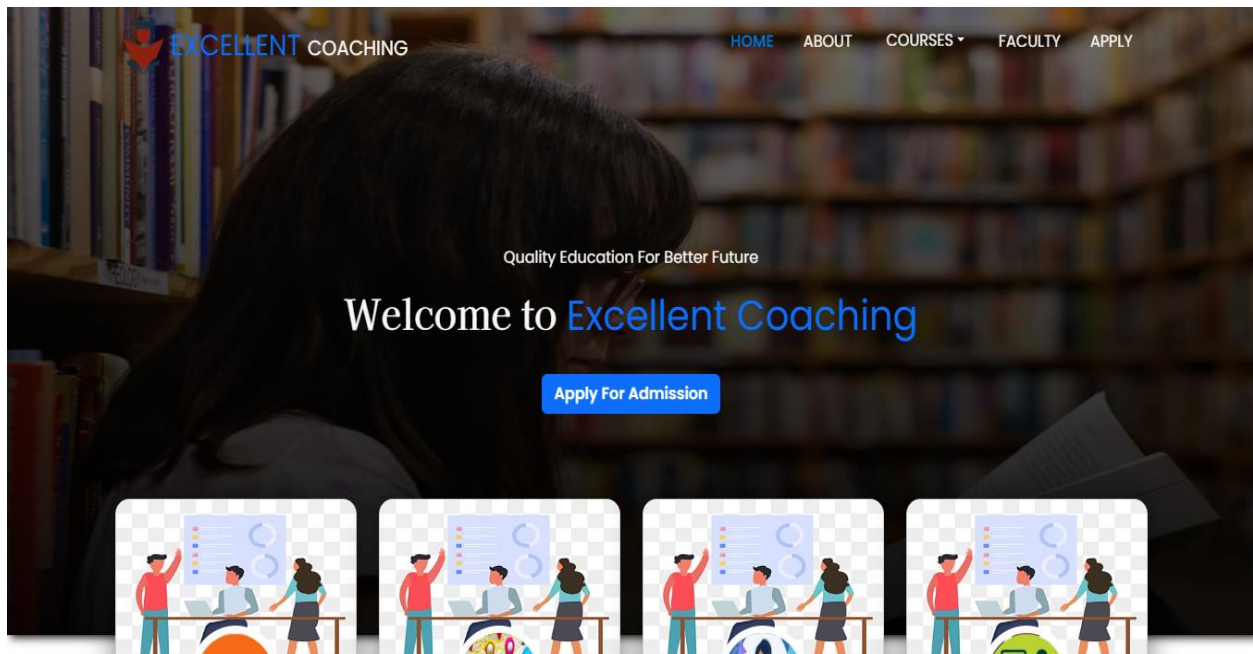

The above SITEMAP is complete directory of our website, where you can navigate from,

- **Home** to About, Faculty, Courses and Apply sections
- **About** to Home, Faculty, Courses and Apply sections
- **Courses** to About, Faculty, Home and Apply sections
- **Faculty** to About, Home, Courses and Apply sections
- **Apply** to About, Faculty, Courses and Home sections

WEBSITE OVERVIEW

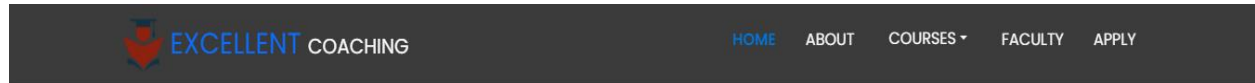

- HOME PAGE

This is the first landing page of our website, where you can see the following,,,

- Logo
- Title
- Transparent & fixed Navbar
- Dark background with light text in-front of image
- A application form submission button
- A profile area, where four cards coming in between of background image, and also when we mouse hover on it, it will transform upward.

- **ABOUT US**

ABOUT US

What do you want to know?

Excellent coaching is a transformative and empowering experience that goes beyond mere instruction. It is a process of guiding individuals to unlock their full potential, achieve their goals, and cultivate personal growth. A skilled coach possesses a deep understanding of the coachee's needs, strengths, and challenges, fostering a supportive and non-judgmental environment.

One of the hallmarks of excellent coaching is its adaptability to different contexts, be it personal development, career advancement, or enhancing specific skills. The coaching relationship is built on trust and confidentiality, enabling the coachee to explore their thoughts and feelings openly.

This is the about section page, where it can be seen following,,

- A fixed navbar
- Container class is used for the gap of start and end side
- A row is taken and it is divided into two portion, one portion for text and second portion for an image
- A span tag is used for styling the text inside a tag

Here comes our developer team, with the help of them we are able to successfully launch our website that can be seen by every individual throughout the globe.

- A row class is used and divided into four parts
- In each part there used a class called CARD which gives border.
- Images are used and can be seen rounded. Here ROUNDED-CIRCLE class has been used.
- IMG-FLUID class is used for responsiveness
- Above image there has some padding (p), border (border) and border color (border-primary).

The courses portion, when you hover on courses menu, it will show you three courses, Science, Technology and Arts, when you click any one of them you will get another page interface, where all subjects of that course can be seen.

In above picture it can be seen that computer science course has four subjects and each of them has their own Read/Download or Course Detail buttons are there.

- When you click on Read/Download button it will take you to the next page where you can read the complete subject pdf file or can download it.
- On clicking Course Detail button it will take to the course detail file you will get some extra information about that subject.

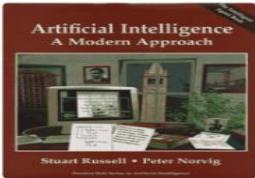

The courses portion is completely same for all categories, whether it is for science, technology and arts. So now here I will be explaining only science course and you will get rest of them.

- **FACULTY**

This is our faculty portion where two row classes are subcategorized into six parts, and in each part the faculty picture faculty name, their qualification, experience, all are mention

- There also a button can be seen, where you can visit to that faculty profile

● APPLICATION FORM

The screenshot shows a web application for 'EXCELLENT COACHING'. The header is dark grey with the logo on the left and navigation links (HOME, ABOUT, COURSES, FACULTY, APPLY) on the right. The main content area is white and features a centered 'APPLICATION FORM' title. The form itself is a white box with a subtle shadow, containing several input fields: 'First Name' and 'Last Name' (text inputs), 'Birthday' (date input with a calendar icon), 'Gender' (radio buttons for Male and Female), 'Email' (text input), 'Phone Number' (text input), and 'Subject' (a dropdown menu with 'Choose Option' selected). A blue 'Submit' button is at the bottom left of the form box.

Here goes our Application form portion, where you can apply for admission online.

In this portion we used CSS to design the application form, i.e.

- Max-height is used to set container height
- Box shadow is used to give container a shadow
- Media Query is used for responsiveness.
- Bootstrap class row is categorized into sub rows to bring two portion in a single column.
- A Required attribute is set on each input, that doesn't let you to submit the form empty.
